The following definitions have been provided to staff to clarify their meaning within the Due Diligence Checklists:

Closed means that every aspect of the recommendation has been addressed and completed. There is documentation supporting the closure. For example: a signed-off written procedure is complete and currently being followed, the equipment is purchased and in use, or a memo is on file detailing the reason the TTC has non-concurred. The person responsible has signed-off on the Due Diligence Sign-off Report.

Closed by TTC means that every possible step has been taken by the TTC, and the completion of the recommendation rests with an outside agency. This applies only to Coroner's Jury Recommendations. The person responsible has signed-off on the Due Diligence Sign-Off Report.

Open indicates that the implementation of the recommendation is underway.
